NOVEMBER

CARIM  
SYMPOSIUM  
2020

SCHOOL FOR CARDIOVASCULAR DISEASES

## CARIM ANNUAL SCIENTIFIC SYMPOSIUM

CARIM's 2020 Scientific Symposium will be held on Wednesday 25 November 2020.

This year's CARIM Symposium will take place in an unusual format, as it will not be possible to have the entire CARIM community together due to the corona measures. We will offer you an interesting programme that can be followed online via livestream by everyone. Our recent laureates will present their research and a session on diversity and inclusivity will be organised. In addition, Harry Büller, MD, PhD, will give the Robert Reneman Lecture. Finally, also the poster session will be held in a different format. Nominated PhD candidates and/or researchers have been asked to record a short video in which they present their research. The recordings will be judged by a committee and three winners will present their research on 25 November.

Harry Büller, MD, PhD is a professor of Internal Medicine at the Academic Medical Center in Amsterdam. He is specialised in Vascular Medicine. Dr Büller earned his MD and PhD at the University of Amsterdam. After graduating, he completed his research fellowship in hemostasis and thrombosis in the Departments of Medicine and Clinical Epidemiology and Biostatistics at McMaster University in Hamilton, Ontario, Canada in 1981 and 1982. In 2008, he was appointed Honorary Professor of the Royal Netherlands Academy of Arts and Sciences. He authored and co-authored more than 740 scientific articles of topics in his field. He supervised 52 PhD candidates as a promotor. In December 2019 he retired.

Prof. Tilman Hackeng, Scientific Director  
CARIM School for Cardiovascular Diseases

### Robert Reneman lecturers in the past:

1993 M. Verstraete, Leuven, Belgium	2002 F. Rosendaal, Leiden, NL	2011 W. Ouwehand, Cambridge, UK
1994 J. Sixma, Utrecht, NL	2003 A. Zeiher, Frankfurt, Germany	2012 D. Kass, Baltimore, USA
1995 P. Vanhoutte, Courbevoie, France	2004 P. Poole-Wilson, London, UK	2013 J. Yudkin, London, UK
1996 W. Schaper, Bad Neuheim, Germany	2005 D. Wagner, Boston, USA	2014 P. Reitsma, Leiden, NL
1997 P. Davies, Philadelphia, USA	2006 S. Wickline, St. Louis, USA	2015 S. Hatem, Paris, France
1998 M. Pfeffer, Boston, USA	2007 J. Molkenin, Cincinnati, USA	2016 S. Laurent, Paris, France
1999 Y. Nemerson, New York, USA	2008 B. Furie, Boston, USA	2017 J. Griffin, San Diego, USA
2000 V. Fuster, New York, USA	2009 K. Walsh, Boston, USA	2018 M. Giacca, Trieste, Italy
2001 M. Schneider, Houston, USA	2010 J. Lulis, Los Angeles, USA	2019 V. Ramachandran, Boston, USA

## CARIM SYMPOSIUM 2020

**Wednesday 25 November, location MBB 4-6 and online**

<https://us02web.zoom.us/j/84239882265>

13.00 - 13.20 Opening by Tilman Hackeng

### **13.20 - 14.20 Session 1: Young Talents Heart Foundation**

13.20 - 13.40 Miranda Nabben: Are men bigger sweet-hearts? Molecular metabolic differences at the basis of gender-specific cardiac pressure overload disorders

13.40 - 14.00 Pieter Goossens: Plaque macrophage heterogeneity and beyond: Profiling the culprit phenotypes

14.00 - 14.20 Constance Baaten: At the junction of platelet interaction and thrombus structure

14.20 - 14.30 Break

### **14.30 - 15:15 Session 2: Winners 'poster' presentations**

14.30 - 14.45 Division Blood

14.45 - 15.00 Division Vessels

15.00 - 15.15 Division Heart

### **15.15 - 16.30 Session 3: Diversity and inclusivity**

15.15 - 15.45 Lecture Constance Sommerey: Diversity and inclusivity at UM

15.45 - 16.30 Results CARIM questionnaire and live poll

16.30 - 16.45 Break

### **16.45 - 17.45 Robert Reneman Lecture by Harry Büller: The rise and fall of thrombosis research**

17.45 - 18.00 CARIM awards and prizes

**School for  
Cardiovascular  
Diseases**

**Maastricht UMC+**

**Maastricht University**
